

SchoolOne Names Winner of Catholic Schools Week Contest

We're pleased to announce that our friends at [Santa Barbara Catholic School](#) in Dededo, Guam, are the recipients of a \$500 technology award from SchoolOne. Santa Barbara was the clear winner in our Catholic Schools Week giveaway that promised to reward the school with the most posts on our SchoolOne Facebook page.

Santa Barbara Catholic School met us at the National Catholic Education Association conference in Minneapolis last April. We added their school to our mailing list; they received our contest announcement, and they took advantage of social networking to promote the contest. Announcements on twitter and the school's Facebook page helped put Santa Barbara ahead of the competition. Congratulations to Santa Barbara Catholic School for their exceptional use of technology to win a technology prize!

In what turned out to be the "Battle of California," [St. Felicitas School](#) in San Leandro came in second place, and [St. Lawrence School](#) in Santa Clara came in third. In fourth place, and the school who gets our thumbs up for the most enthusiastic comments, was [St. Perpetua School](#) in Lafayette.

Congratulations and thanks to all of the schools that participated. It's evident that all of the schools participating have strong support from their staff and families.

SchoolOne is committed to supporting Catholic education through its web-based Student Information System (SIS) and IT services to K-12 schools. The SIS allows 24/7 access for staff, parents, and students to school information and student progress. The SIS also is integrated with ActivProgress, a data management and social learning system, and partners with mobile learning platform Studywiz. Our technology services are customized to the needs and budget of each school, with the goal of maximizing existing technology and pairing that with other best-in-class solutions.
